Standard Options

Notes

1. It is essential for safety and performance reasons that glass is correctly specified and installed. All glass is toughened to BS EN 12150 1.
2. Glass is also available in 6.4 laminated glass, low emissivity glass and also 'Bronze Anti-sun'.
3. Natural leads will oxidise during their lifetime.
4. The resin bevels contained within the expressions range may occasionally show slight imperfections due to the manufacturing process.
5. Due to limitations of the print process all photographs are considered to be only a representation of the actual product.
6. Due to a policy of continuous development, we reserve the right to change any of the patterns or designs without prior notice.
